General Rules for all Exhibitors

Profanity &/or unethical behavior will not be tolerated on fair grounds. Criticizing or interfering with the judge, other exhibitors, show officials or fair board members before, during, or after the event may result in an individual or group being expelled, placed on probation, declared ineligible or barred from the fair.

- 1 In no event will the Labette County Fair Association or its officers, directors or members be held responsible for any loss or damage to property or person or exhibitor or other persons while on the fairgrounds, whether said loss or damage shall arise from an accident or any cause whatsoever.
- 2 All exhibits must be bona fide property of the exhibitor or all awards will be forfeited.
- 3 The Fair Board reserves the right to withhold all awards and premiums awarded in cases where regulations have not been complied with due to: ignorance, or where fraud or deception has been practiced or attempted.
- 4 Violation of any regulation may disqualify an exhibitor from any future participation within a particular division and/or if needed the Fair Board may impose additional penalties including expulsion from showing at any future Labette County Fair.
- 5 No duplicate samples shall be taken from the same field, bin, churn, baking or batch to be shown by different people as their respective product.
- 6 **Animal release time is 6:00 a.m. to 10:00 a.m. Saturday of fair week. Indoor exhibit release time is 8:00 a.m. to 10:00 a.m. Saturday.** Exhibitors must secure a written release from the department superintendent and general superintendent in order for any exhibit to be released prior to the Saturday release date. A request for early release must accompany pre-entry by **July 1**. Early removal of any exhibit without a written release will result in loss of all awards/cash premiums for that year.
- 7 Competition in Department A, B, and C is open to anyone in Labette County.

- 8 If a rule has been violated, action will be taken by a committee of three being the department superintendent, general superintendent or vice president and an extension agent. If the protest is of a nature that involves circumstantial evidence or precise rule interpretation an official protest must be made in writing accompanied by an affidavit setting forth the grounds for the protest and given to the Fair Board secretary. This protest will then be reviewed by the Fair Board.
- 9 Judge's discretion is used to place all exhibits as they see fit regarding placing and ribbons.
- 10 The Labette County Fair Association is the legally organized county fair of Labette County under the General Statutes of Kansas, General Statute Supplement, 1947, Laws of 1949, Chapter 1 and 201.
- 11 Ribbon money must be picked up on the last Saturday of the fair from 8 a.m. until 10:00 am at the Labette County Fair Secretary Office located in the beef barn. Ribbon money can be picked up by the exhibitor or their representative. Checks not cashed within 90 days of the date they are issued will be voided. Plaques not picked up by August 31 will not be available.
- 12 **All 4-H and FFA livestock exhibitors who plan to sell an animal in the livestock premium sale must record a minimum of (2) hours of volunteer time during the "Fair Year." The "Fair Year" ends prior to the beginning of the following year's fair. The deadline for 2023 is Friday, July 21 @ 5:00 PM.**
- 13 **Thank you cards to livestock premium sale buyers and reserve/grand champion plaques must be completed by all 4H & FFA exhibitors by Saturday, prior to picking up ribbon money.**
- 14 **Livestock barns will be open Sunday evening until midnight, due to checkin. The barns will be open 6:00 am – 11:00 pm Monday - Saturday. Barns will be locked at all other times. NO EXCEPTIONS.**

FAIR ENTRIES**

Pages 21-59

Department E - 4-H AND FFA

GENERAL RULES

- 1 In addition to the following rules exhibitors are subject to General Rules listed on page 4-6.
- 2 Participation in Department E is limited to Labette County 4-H members and/or members of a Labette County FFA chapter.
- 3 FFA members or 4-H members whose 19th birthday comes prior to January 1 of the current year are ineligible to compete.
- 4 **All 4-H members must be 7 by January 1 of the current year. Returning members must re-enroll by January 31 and new members by May 1 of the current 4-H year.**
- 5 The project work must have been completed during the current club year. October 1 to September 30.
- 6 **Only 3 market animals per exhibitor per specie may be nominated.**
6a. In the event that an exhibitor experiences the loss of each animal nominated in their name, they can request from the division superintendent to exhibit an animal nominated by another family member.
- 7 In market classes there must be four or more animals to show as a breed. If there are less than four animals of a breed, they will show in the all other breeds division. If there are less than four animals in the all other breeds division, those animals will show in the crossbred division.
- 8 Market animals which weigh less than minimum for the Premium Sale will be shown in an "Underweight Class." Those weighing over maximum weight will be shown in an "Overweight Class". Underweight and Overweight animals are not eligible for the Premium sale and will receive a blue, red, or white ribbon.
- 9 Market beef, market goats, and market sheep with permanent teeth will be shown in yearling Class and are ineligible for premium sale.
- 10 All first and second place exhibits must compete for champion and reserve champion and all champion and reserve champions must compete for Grand and Reserve, they can't be pulled from the lineup.
- 11 Animals shown in the market class are not eligible to show in breeding class and vice-versa.
- 12 Breeding animals must be registered to show in "breed" classes. Non - registered livestock will show in commercial or crossbred class.
- 13 Dairy, beef, goat, swine, and sheep breeding animals may be entered, shown and receive premiums in both open and junior classes. The same animal may be receiving both junior and open ribbon money.
- 14 All animals must be shown by its exhibitor in all conformation classes or have prior consent of the Department Superintendent. If an exhibitor has two entries in the same class, another club member may show the animal, with prior permission from the Department Superintendent. In no case will a youth be allowed to show someone else's animal in showmanship classes.
- 15 **GROOMING:** Each exhibitor must groom his or her own animal and may use only the assistance of an immediate family member (mother, father, legal guardian, grandparent, brother or sister) or the assistance of a Labette County 4-H Club leader or a Labette County FFA Advisor. Other assistance may be given by another Labette County 4-H or FFA member who is an exhibitor at the current year's show. This rule may be strictly enforced and any exhibitor violating it will have their animal in question eliminated from competition. Anyone wishing to report unauthorized people grooming animals must sign a complaint form at the Fair Office that includes; name of the owner, animal tag number, time and date of the observation. A committee appointed by the Board will take action.

Sheep/Goat Divisions:

All market lambs, commercial ewes and market goats must be "slick shorn," above the knee and hock joints including the head, before arrival on the show grounds. A maximum of 0.2 (two tenths) inch of wool is permitted on market lambs and commercial ewes.

A maximum of 0.4 (four tenths) inch of hair is permitted on market goats. Hair on the tail switch may be left on goats. No artificial coloring/use of adhesives is allowed.

4-H/FFA Exhibitor or Representative must have animals FULLY uncovered and ready for inspection at check-in. Also assist in helping the vet and fair board member in checking your animal(s).

No body sheering will be allowed on the fairgrounds. Any exhibitors found in violation of this will not be allowed to show or sell their animals at the fair.

Cattle:

“No Fit” show, defined as using no adhesive, glue, paint or powder products during the fair.

15 All animals must be FULLY UNCOVERED for Vet Check-in. Also assist in helping the vet and fair board member in checking your animal(s).

16 4-H PORK BUNDLE TICKET SALES: To promote and finance 4-H Council activities, the 4-H Council requires each 4-H and FFA member that participates in any competitive 4-H event during the current year, sell two books (ten tickets) of 4-H Pork Bundle Tickets. Any 4-H'er or FFA exhibitor that doesn't meet this criteria during the current 4-H year will not be allowed to participate in any competitive event using the 4-H name during the next 4-H calendar year. **Money must be turned in to the Altamont Extension Office by Monday, July 17, 2023. Tickets not turned in by this deadline will not qualify toward Royalty Votes, but will be accepted and entered into the drawing.**

17 All 4-H and FFA livestock exhibitors who plan to sell an animal in the livestock premium sale must record a minimum of (2) hours of volunteer time during the “Fair Year.” The “Fair Year” ends prior to the beginning of the following year’s fair. The deadline for 2023 is Friday, July 21 @ 5:00 PM.

4-H Memorial Herdsmanship Contest

The Labette County 4-H Memorial sponsors two Herdsmanship contest, with awards given in each division. These are given in honor of Phoebe & Kelley Johnson and Beverly & Kenny Smith.

Division I goats, rabbits, pigeons/poultry, dairy and dairy bucket calves.

Division II beef, horse, swine, sheep, and beef bucket calves.

Memorial Herdsmanship Awards are given prior to the premium sale. Daily winners are selected Monday through Thursday in each species. A family may win a species only one day, however, they may win in more than one species. Daily winners are awarded banners which they will get to keep, plus a banner to display until 9:00 p.m. that day.

Herdsmanship Evaluation Guidelines

Stall Identification, Decorations, and Promotion of 4-H and Livestock Industry

- 1 Display a “Stall Card” for each exhibit to be judged. Stall Cards are available at the Fair Office.
 - a. Market exhibits - Use large 4-H Livestock Exhibit Stall Card with weight gained and cost per pound of gain calculated
 - b. Horse exhibits - Use 4-H Horse Exhibit Card
 - c. Livestock breeding exhibits, goats, dairy, bucket calf, poultry, rabbits, and horses, a small 4-H Livestock Exhibit Stall Card is acceptable
- 2 Banners, Curtains, etc.
- 3 Attractiveness, Cleanliness and Neatness of overall exhibit.
- 4 Display exhibit ribbons as received.

I. Alleys, Stalls and/or Cages

- 1 Bedding is clean, dry, fluffed and covers the stall or pen.
- 2 No manure in stalls, pens, cages, wheel barrow or piled in the alley.
- 3 Alleys swept clean. If dusty, sprinkle with water and sweep.

II. Appearance of Animals

- 1 Clean and brushed. Spray for flies if needed.
- 2 Gates fastened securely. Roped properly tied at correct length so animals don't get legs caught.
- 3 No covers on animals during evening public viewing, (6:00 p.m. to 9:00 p.m.) Exception night before species official show.

Livestock Showmanship

Class time is set by the Superintendent. Age for showmanship classes is determined as of January 1.

Sr. 14 & up Int. 10 - 13 Jr. 7 - 9

Champion and Reserve Champion ribbons will be awarded in each division. An overall grand and reserve grand will be selected in each species.

Youth must exhibit their own 4-H or FFA animal in showmanship.

All animals shown in showmanship have to be shown in either a market or breeding class.

Round Robin Showmanship Swine, Sheep, Beef, Meat Goat, Horse

The Grand and Reserve Grand Champion show persons in each species are eligible to compete. If the Grand Champion and/or Reserve Grand Champion opts not to participate or wins in more than one division, the 3rd, 4th, 5th, or 6th place person respectively in that species overall showmanship will become eligible to compete.

If a contestant wins more than one species division, they must participate in the species division according to the following rotation: sheep, horses, swine, meat goat, beef.

Contestants show their own animals and then Champions will rotate to Champions and Reserve Champions will rotate to Reserve Champions. Judges will use a scorecard. Scores will be posted.

Round Robin Showmanship dairy, dairy goat, dairy bucket calf, beef bucket calf

The Grand Champion and Reserve Grand Champion show persons of dairy, dairy goat, beef bucket calf, and dairy bucket calf, divisions are eligible to compete in this contest. If the Grand Champion and/or Reserve Grand Champion cannot participate or wins in more than one division, the 3rd, 4th, 5th, or 6th place person respectively in that species overall showmanship

contest will become eligible to compete. If a contestant qualifies in more than one species division, they must participate in that division according to the following rotation: **dairy and dairy goat, dairy bucket calf, beef bucket calf.** All contestants will show their own animals and then Champions will rotate to Champions and Reserve Champions will rotate to Reserve Champions. Judges score card will be posted after the contest.

Obedience

Kansas 4-H Obedience is to provide 4-Hers the opportunity to demonstrate the teamwork necessary to work under a variety of conditions. In obedience, the intent is to evaluate the proficiency by which the dog and handler are able to perform various exercises as a team in much the same way as might be done in demonstrating

the behavioral activities in normal life. After receiving two qualifying scores (purple or blue) from two different judges, an obedience team must advance to the next level at the start of the next 4-H year.

- 104 Novice A (1st year handler with 1st year dog)
*(all exercises on leash)
- 105 Novice (1st or 2nd year handler)
*(All exercises off leash)
- 106 Graduate Novice (3rd or 4th year handler)
*(All exercises off leash)
- 107 Open (5+ year handler)
*(All exercises off leash)

Agility

The purpose of Kansas 4-H Dog Agility is to provide 4-H members the opportunity to demonstrate the teamwork necessary to work under a variety of conditions that challenge both the handler and dog. By teaching a series of obstacles, the 4-H'er provides the basic training and exercise that leads to a more versatile, well conditioned dog. Different obstacles and courses present unique tests of speed, confidence, technical skills, athleticism, balance, communication, attentiveness, distance, and directional control. The task of leaders, judges, trainers, and handlers is to incorporate all these elements while maintaining a fun, safe environment for the dogs and 4-H'ers. The sport of agility provides a basis for other activities such as search and rescue. Agility is exciting for both exhibitors and spectators, as well as motivating for the dogs.

- 108 Pre-Agility I (on leash)
- 109 Agility I
- 110 Agility II
- 111 Agility III

Rally Obedience

The purpose of Kansas 4-H Rally Obedience is to provide 4-Hers the opportunity to demonstrate the teamwork necessary to work under a variety of conditions. In Rally Obedience, the intent is to evaluate the proficiency by which the dog and handler are able to perform various exercises as a team in much the same way as might be done in undertaking different activities outside the show ring.

Division F15 - Energy Management

- 1 Articles that have been in use should be cleaned for exhibit.
- 2 A sheet of operating instructions must be furnished for any exhibit not self-explanatory.
- 3 Exhibits must be operable using only 110 or 120V AC or battery power. If battery power is required, batteries must be furnished.
- 4 Any project with a complexity of size or electronics must have (1) instructions for assembly and use and (2) equipment available at the time of judging for actual testing of the exhibit.
- 5 No hand dipped solder may be used on exhibits.
- 6 An exhibitor may enter up to three articles in this division, but only one article per class.

Phase I

Educ. Exhibit, Display, Poster

- 500 **Electric** - Exhibits are limited to 4 feet of table space. The purpose of the educational display is to educate the viewer about a specific area of the 4 H electrical or electronics project. The display or exhibit should illustrate one basic idea. This class includes any educational displays, exhibits or science fair type projects which DO NOT have a power source, i.e. exhibits, posters or displays of wire types, conduit types, electrical safety, tool or motor parts identification or electrical terminology. Educational displays and exhibits must be legible from a distance of four feet.
- 501 **Small Engine** - Exhibit a display, selecting one of the following options: 1) a display identifying different engine or lawn and garden equipment parts or a display showing the function of the various engine or lawn and garden equipment parts; OR 2) a display identifying and explaining the function(s) of different special tools needed for small engine work; OR 3) a display illustrating and providing the results of any one of experiments that are included in the project

books. No complete engines, lawn tractors, tillers, chainsaws are permitted for display.
OR 4) Exhibit a display that illustrates either
1) Routine maintenance procedures OR 2) Diagnosing and troubleshooting specific problems in an engine. No complete engines, lawn tractors, tillers, chainsaws, etc. are permitted for display.

- 502 **Wind Energy** - Create an exhibit that addresses a focused topic related to wind power as a renewable energy source. The purpose of the exhibit is to inform and create awareness.

Phase II Electric

- 503 **AC Electric Projects** with a 110 or 120 V alternating current (AC) power source. Some project examples are household wiring demonstrations, small appliances, extension cords, trouble lights, indoor or outdoor wiring boards, or shop lights. Projects may be a restoration or original construction. The project must be operational and meet minimum safety standards. AC projects must be 110/120 V, no 240 V exhibits are allowed, and must be constructed such that the judges have access to examine the quality of workmanship.
- 504 **DC Electric Projects** with a battery or direct current power source. This class includes electric kits or original projects. This class also includes demonstration DC powered projects. Examples include: wiring two or three way switches, difference between series/parallel lighting circuits or wiring doorbells switches. All DC electric projects must work with batteries supplied by member. Projects must be constructed such that the judges have access to examine the quality of wiring workmanship.
- 505 **Electronics Projects** with a battery or direct current power source. This class includes electronic kits or original projects. Examples include radios, telephones, toy robots, light meters, security systems, etc. May be constructed using printed circuit board, wire wrap, or breadboard techniques. Include construction/assembly manual if from a kit. Include plans if an original project. Projects must be constructed such that the judges have access to examine the quality of wiring workmanship.

Phase III Small Engines

- 1 All exhibits should involve engines smaller than 20 horsepower.
 - 2 Displays are limited to 4' wide and 4' deep both upright and floor displays.
- 506 **OPERATION** - Exhibit an operable small engine (no more than 20 HP) overhauled or rebuilt by the member. Include maintenance schedule for the engine and a brief description of steps taken by the member overhauling or rebuilding the engine.

Phase IV Wind Energy

All exhibits in this division are limited in size to standard, tri-fold, display boards (36" X 48") and items may not extend beyond 12" from the back board. All displays must be self-standing.

- 507 **EXPERIMENT** - Display an experiment addressing a problem or question related to wind power as a renewable energy source. Include hypothesis, background research, variables, a control, data, findings, conclusions and recommendations for future study.

Division F16 - Entomology

Resources for exhibiting can be found on the Kansas 4-H Entomology Project Page. These rules have been changed to be consistent with the state fair rules.

COLLECTION CLASSES

General Guidelines

- 1 All entries should be submitted in an 18 x24 x 3.5-inch wooden display box with a clear plastic top (such as Plexiglas). Boxes can be handmade or purchased as long as they are of the correct size. Refer to website above for complete instructions.
- 2 4-H'ers may choose to use one of two taxonomies.
 - a. As printed in "Insects in Kansas" book or
 - b. As printed on the "Insects in Kansas Book: 2016 Revised Taxonomy", which follows www.bugguide.net
- 3 Each exhibitor is required to identify each box with two identification labels bearing Exhibitor's name, county or district, the collection class 4-H'er is enrolled in and statement of taxonomy used:

- a. One label goes in the upper left corner of the box (inside) and the other on the lower right corner of the box (outside). Arrange specimens in the box so the box can be displayed lengthwise.
- 4 The number of orders, specimens (and families where required) must be included on both of the exhibitor's box identification labels. Only one adult species per insect can be used in the Collection Boxes and Notebook Classes, unless labeled as male or female and correctly identified.
- 5 Arrangement of specimens: The preferred method is to arrange the insects in groups or rows parallel to the short sides of the box. Specimens are to be arranged by Order in the box, then Family where required.
- 6 Two labels should be centered on the pin beneath each specimen. First (closest to the specimen) is the common name label and the second label should include date/locality. Full county name and state abbreviation should be on the second label. Collector's name or host on the date/locality label is optional. The specimens should be collected by the exhibitor and should focus on Kansas insects. Insects may be collected from one county into bordering states and labeled accordingly. Please refer to "Entomology Collection Exhibit Resource" for full details on out-of-state insects in collections.
- 7 Only specimens of the class Insect should be included.
- 8 Purchased insects are not to be exhibited in collections, but they may be used in educational displays.
- 9 Specimens of soft bodied insects such as aphids, lice, termites, etc. should be exhibited in alcohol filled vials; however, the use of alcohol filled vials should be limited to only those specimens that lose their shape when pinned, since the vials pose a significant hazard to the rest of the collection if they become loose in transit.
- 10 Refer to the publication "Entomology Collection Notebook Guidelines" on the Kansas 4-H Entomology web page for more detailed rules for exhibiting.

Phase I – Age 7 & 8 Entomology Collection

- 537 Display 15-25 specimens - 1st year project
 538 Display 26-50 specimens

Phase II Beginning Entomology Collection (ages 9 & up)

- 539 Display in one standard box a minimum of 50 and maximum of 125 species representing at least 7 orders. Follow the general guidelines listed for Collections. Members can exhibit in this class a maximum of 3 years or until they receive a purple ribbon at the Kansas State Fair, whichever comes first.
- 540 Display in one standard box a minimum of 75 and maximum of 150 species representing at least 9 orders. Follow the general guidelines listed for Collections. Members can exhibit in this class a maximum of 3 years or until they receive a purple ribbon at the Kansas State Fair, whichever comes first.

Phase III Int. Collection (ages 9 & up)

- 541 Display a minimum of 100 and a maximum of 300 species representing at least 10 orders. Two standard boxes can be used. Follow the general guidelines listed for Collections. In addition, family identification is required for all insects in any two of the following six orders: (Only two will be counted for judging)
- a) "Insects in Kansas" book -Orthoptera, Hemiptera, Homoptera, Coleoptera, Hymenoptera, and/or Diptera or
 - b) Insects in Kansas Book: 2016 Revised Taxonomy", which follows www.bugguide.net Odonata, Orthoptera, Hemiptera, Coleoptera, Hymenoptera, and/or Diptera. On a piece of paper list what you did to improve your collection during the current year. Members can exhibit in this class a maximum of 3 years. A 4-H'er may move up if they receive a purple ribbon before the three years are up.

Phase IV Advanced Collection (ages 9 & up)

- 542 Display a minimum of 150 and a maximum of 450 species representing at least 12 orders. Three standard boxes can be used. Follow the general guidelines listed for Collections. Family identification is required for all insects belonging to the six basic orders as outlined under the Intermediate phase. Only families in the above six orders will be counted for judging. Family identification of insects in the remaining orders is optional, but desirable as long as accuracy is maintained. On a piece of

paper list what you did to improve your collection during the current year. Examples: what insects did you add or replace; what orders and/or families you added; what Leadership you provided in this project; and/or what insects you have studied. Attach paper to the back of one of the display boxes. Members may continue to exhibit in this class at the Kansas State Fair for an unrestricted number of years as long as they remain eligible for 4-H membership.

Phase V - Educational Displays

1. Share with others what you learned in this project. Exhibit any activity or learning experience related to the field of entomology or the Teaming with Insects curriculum that does not fit into Entomology Collection or notebook classes above.
2. Follow copyright laws as explained in the General Rules.
3. The exhibit may be, but isn't limited to, original works, digital presentations (must provide printed hardcopy for exhibit purposes for duration of state fair), programs, websites, games, apps, display box, notebook, display or poster which you have made.
4. If the exhibit is a wooden display box, it must be 18 X24 X 3.5 inches with a clear plastic top (such as Plexiglas) and displayed horizontally. If the exhibit is a poster, it must not be larger than 22" X 28". If the exhibit is a display, maximum size is not to exceed a standard commercial 3' X 4' tri-fold display board.
5. Name and county/ district must clearly be marked on educational exhibits.

543 Beginning Educational Exhibit

Class for individuals that are exhibiting in the Beginning I and II Collection or Beginning Notebook Classes. If only exhibiting in this category, then ages 9-12.

544 Intermitted Educational Exhibit

Class for individuals that are exhibiting in the Intermediate Collection or Intermediate Notebook Classes. If only exhibiting in this category, then ages 11-14.

545 ADVANCED EDUCATIONAL EXHIBIT

Class for individuals that are exhibiting in the Advanced Collection or Advanced Notebook Classes. If only exhibiting in this category, then ages 13 or older.

Phase VI - Notebook Classes

1. See Kansas State Fair guidelines for notebook classes.

546 Introductory Entomology Notebook

Display a minimum of 10 and a maximum of 30 insect species representing at least 6 different orders. Follow the general guidelines listed for Notebooks, including the Special project. First year entomology project member's notebook only.

547 Beginning Entomology Notebook

Display a minimum of 20 and a maximum of 60 insect species representing at least 7 different orders. Follow the general guidelines listed for all Notebooks, including the Special project.

548 Intermediate Entomology Notebook

Display a minimum of 60 and a maximum of 100 species representing at least 9 orders. Follow the general guidelines listed for Notebooks, including the Special project. In addition, family identification is required for all insects in any two of the following six orders: (Only two will be counted for judging)

- a. "Insects in Kansas" book - Orthoptera, Hemiptera, Homoptera, Coleoptera, Hymenoptera, and/or Diptera or
- b. "Insects in Kansas Book: 2016 Revised Taxonomy" which follows www.bugguide.net - Odonata, Orthoptera, Hemiptera, Coleoptera, Hymenoptera, and/or Diptera

549 Advanced Entomology Notebook

Display a minimum of 100 and a maximum of 200 species representing at least 12 orders.

Follow the general rules listed for Notebooks, including the Special project. Follow the general guidelines listed for

Notebooks. Family identification is required for all insects belonging to the six basic orders as outlined under the Intermediate phase. Only families in the above six orders will be counted for judging. Family identification of insects in the remaining orders is optional, but desirable as long as accuracy is maintained.

Division F17 - Exploring 4-H

1. This division is open to 7, 8, and 9-year-old members. Exhibits shown in this division are to show exploration in a 4-H project area. The exhibit may be a collection, display or article or any combination thereof.

Phase I

350 Collection, display or article made by 7 yr.

Phase II

351 Collection, display or article made by 8 yr.

Phase III

352 Collection, display or article made by 9 yr.

Division F18 - Fiber Arts

- 1 Fiber Arts is defined as any method of creating a unique design with fiber, fabric or yarn. This may include: making fabric (such as weaving, crochet, knitting, needlepoint); or when existing fabric is changed into something quite different (such as quilting or embroidery or ethnic art). Ethnic Fiber Arts should use a fiber, yarn or fabric to create the design exhibit.
- 2 Identification Label: Type or print on 3" x 2½ piece of cloth: class number, county, and exhibitor's name; available in Extension Office. Sew or safety-pin this ID label on the corner of flat articles; For garments, attach ID label to the front left shoulder seam, or left side of waistband.
- 3 A total of up to 6 Fiber Arts Exhibits. All articles/garments must be finished for use.
- 4 Articles which are normally worn as a pair must be shown together. Fasten articles together securely with yarn.
- 5 Special consideration will be given to articles of original design. Such articles should have a note attached explaining the original design.

- 6 When the exhibit includes more than one Fiber Art techniques (i.e. knitting, crochet, needle arts, or patchwork and quilting), the determination of what division (Clothing or Fiber Arts) and class in which to enter will be left with the 4-H participant.

Phase I Educational Exhibit

Exhibit may include posters, models, actual equipment, etc. Exhibitors are to limit exhibit to 4 feet of table space.

496 Jr. 7 - 9

497 Int. 10 - 13

498 Sr. 14 & up

499 Club

Phase II Jr. Article

500 Crochet, an article. (See #6 above)

501 Knitting, an article made either by hand or by knitting machine (See #6 above)

502 Needle Arts, an article created by hand using any of the following techniques:

a) Embroidery and cross-stitch

b) Needlepoint

c) Candle wicking

d) Crewel

e) Lacework

f) Applique

503 Patchwork or Quilted article -It is acceptable practices for the exhibitor to create the patchwork or quilted article and have someone else quilt it. (See #6 above)

504 Rug Making, a rug -acceptable techniques include braiding, latch hook, tying, floor cloth, etc. The finished product should be an item that would be an item used in the home.

505 Spinning, a skein -minimum 10 yards long

506 Woven article -Members should attach information about the type of loom or process used. (See #6 above)

507 Ethnic Arts article: A Fiber Art technique that is associated with a specific country or culture. A practical skill that was developed to provide basic family needs such as apparel, home furnishings or decorations. A method that has been maintained throughout history and passed on to others (i.e. batik, Swedish huck towel weaving, mud cloth, bobbin weaving, tatting, etc.). Members should attach information on the history of the ethnic fiber art, where it was used, by whom, how it was used, short description of the technique, etc. (See #6 above)

508 Macramé, an article
509 Fiber Arts Educational Notebook -The notebook should include a narrative section describing the fiber art. It should include a clear description of the project, technique, budget, supplies, goals, accomplishments, successes, failures, and future plans. It may include samples of techniques, how-to's, photographs of completed projects, or other ways of educating others about fiber arts. NOTE: a collection of brochures, web pages, patterns, record book forms, etc. does not constitute an educational notebook.

Phase III Int. 10 - 13 Article

- 510 Crochet, an article. (See #6 above)
511 Knitting, an article made either by hand or by knitting machine (See #6 above)
512 Needle Arts, an article created by hand using any of the following techniques:
a) Embroidery and cross-stitch
b) Needlepoint

 529 Fiber Arts Educational Notebook -The notebook should include a narrative section describing the fiber art. It should include a clear description of the project, technique, budget, supplies, goals, accomplishments, successes, failures, and future plans. It may include samples of techniques, how-tos, photographs of completed projects, or other ways of educating others about fiber arts.
 NOTE: a collection of brochures, web pages, patterns, record book forms, etc. does not constitute an educational notebook.

Division F19 - Floriculture

Phase I -Education Floriculture Exhibit

Exhibit may include posters, models, actual equipment, etc. Exhibitors are to limit exhibit to 4 feet of the table space.

- 559 Jr. 7 - 9
 560 Int. 10 - 13
 561 Sr. 14 & up

Phase II Annual Cut Flower Specimen

Display exhibit in vase or sturdy cup.

- 562 Single stem annual
 563 Bouquet of annuals

Phase III Perennial Cut Flower Specimen

Display exhibit in vase or sturdy cup.

- 564 Single stem
 565 Perennial Bouquet

Phase IV Potted Plants

- 566 Plant in bloom
 567 Foliage plant
 568 Hanging basket - trailing variety of plant
 569 Cactus
 570 Other

Phase V Artistic Design Arrangements

- 1 Plant materials used in designs need not be grown by the exhibitor but must include all fresh cut, conditioned plant materials using own or other foliage.
- 2 Natural grasses, grains or other seed pods may be incorporated in the design or arrangement.
- 3 Accessories which aid interpretation are permitted.
- 4 Select container suitable in size, color, and form.

- 5 No artificial or permanent flowers or foliage are permitted.

- 571 Wildflowers
 572 Cut flowers

Div. F20 - Foods and Nutrition A

Same Rules for Division F20 & F21

- 1 This division is judged prior to fair refer to fair schedule for location and time. Foods exhibits will be conference judged. Members will be judged on a next in line basis.
- 2 Layered cakes must be two or more layers. Exhibit all unfrosted cakes in upright position with crust showing. Decorated cakes will not be cut.
- 3 In most cases the entire food item will need to be judged, however, when the exhibit consists of several items (cookies, etc.) have 3 or more items available to be judged.
- 4 Recipes (1 copy) for food exhibits need to be available during judging.
- 5 No alcohol should be included as an ingredient in food entries. Entries with alcohol in the recipe will be disqualified and not be judged.
- 6 Pictures of the 4-H member and their food items via video at the fair.
- 7 Members should be creative using 4-H Foods & Nutrition curriculum materials plus other resources. Any type of food item can be exhibited such as; appetizers, breads, beverages, dips, desserts, dried foods, main dishes, meat dishes, salads, snacks, soups, vegetables, etc. Knowledge of the major food groups is important when exhibiting in this division. If you are unsure of the major food groups, refer to the USDA current My Plate diagram. Members can bring one unsuccessful attempt with a food entry to share what they learned; what they did wrong and how it affected the overall product.

Phase I Education Foods & Nutrition Exhibit

Exhibit may include posters, models, actual equipment, etc. Exhibit is limited four feet of table space.

- 578 Jr. 7 - 9
 579 Int. 10 - 13
 580 Sr. 14 & up

Phase II Food Gift Package Items Made by member

A food gift package must contain at least three different food items (prepared for human consumption), made by the 4 H member, in a suitable container no larger than 18"x18"x18". Prepared food items must have recipes attached with the entry. Additional homemade food items beyond the 3 minimum may also be included in the gift basket. On the back of the entry card, answer these questions: a) what is the intended use; b) what food safety precautions were taken during and after preparation. Home canned foods must follow Food Preservation rules.

Division F22 - Food Preservation

- 1 This division is judged prior to fair refer to fair schedule for location and time.
- 2 Exhibits must have been preserved since the previous year's county fair.
- 3 Recommended method of processing must be used. Recipes must be from 1995 – present.
AND MUST BE ADJUSTED FOR ALTITUDE based on your processing location, or it will be disqualified. Processing methods that will be disqualified include: open kettle-canning, over canning, sun canning and using electric multi-cookers. For more information on electric multi-cookers, see http://nchfp.uga.edu/publications/nchfp/factsheets/electric_cookers.html. Untested recipes will be disqualified for food safety reasons. Tested recipe resources include:
 - K-State Research and Extension Food Preservation publications
 - Other University Extension Food Preservation publications
 - USDA Complete Guide to Home Canning
 - So Easy to Preserve, 6th edition, The University of Georgia Cooperative Extension Service
 - Ball Blue Book Guide to Preserving
 - Ball Complete Book of Home Preserving
 - All New Ball Book of Canning and Preserving
 - Canning mixes (i.e. Mrs. Wage's, Ball)
 - Pectin manufacturers (i.e. SureJell, Ball)
 - <http://www.rrc.k-state.edu/preservation/recipes.html>
- 4 Pickles and sweet spreads must be finished using the water bath process. Low acid products must be pressure processed properly for the altitude of residence. The label must include the canning method (water bath or pressure), process time, and amount of pressure (psi) when pressure canning method is used.
- 5 Refer to K-State Research and Extension publication, 4-H 712, Food Safety Recommendations for Acceptable Fair Exhibits, for information to help you make informed, safe food preservation exhibit decisions.

- 6 Exhibits must be sealed in clean, clear standard canning jars, with matching brand (ex: use Ball lids on Ball jars, or Kerr lids on Kerr jars, etc.) two piece lids. Do not use colored jars. Do not add fancy padded lids, fabric over wraps or cozies as they interfere with the judging process. No fancy packs unless recipe states to do so (ex: Pickled asparagus). Jars must be sealed when entered. For food safety reasons, the size of jars used must not be larger than the jar size stated in the recipe. Note: There are 12-ounce, 24-ounce and 28-ounce canning jars available and may be used. Use pint jar process recommendations for 12-ounce jars. Use quart jar process recommendations for 24 ounce and 28-ounce jars.
- 7 Each jar exhibited must be labeled. The label must not cover brand name of jar. The label must give: Class No, Product, Altitude where processed, Canning Method (water bath, weighted gauge or dial gauge pressure method), Process Time, Pressure (psi), date processed including month and year, Name, and County/District. Templates to make adhesive labels can be found at: [Adhesive Label Template](#)
- 8 After food preservation exhibits have been judged, they are to be taken to the 4-H Exhibit Building for display.
- 9 In all exhibit classes except dry foods, only one jar is needed.
- 10 If dried food product is not in a canning jar, it will be lowered one ribbon rating. Suggested amount: 1/3 – 1/2 cup, or three or four pieces per exhibit. All meat jerky must be heated to an internal temperature of 160 degrees F before or after drying. This is not the drying temperature! Dried products must include the recipe, preparation steps and heating instructions. Jerky not heated to an internal temperature of 160 degrees F will be disqualified and not be judged. Heating information can be found in “[Dry meat Safely at Home](#)”

Division F23 - Forestry

See Kansas State Fair Book for complete rules.

Champion and Reserve will be awarded for each phase with a Grand Champion and Reserve Grand Champion Overall.

Phase I - Junior Forester Exhibit

625A Exhibit a minimum of 10 different leaves from native Kansas trees collected within the year. Exhibit can include non-native leaves in addition to the required number of leaf specimens collected from native Kansas trees.

625B Exhibit a minimum of five native Kansas trees showing leaf, twig and fruit from each species. include sketches, drawings, pictures, a story, or any other things which will help tell about the tree you have selected.

Phase II Intermediate Forester Exhibit

626A Exhibit a minimum of 20 different leaves (including 10 new specimens) from native Kansas trees. Exhibit can include non-native leaves in addition to the required number of leaf specimens collected from native Kansas trees.

626B Exhibit a minimum of ten native Kansas trees showing leaf, twig and fruit from each species. Exhibit must include 5 new leaf, twig and fruit specimens.

Phase III Senior Forester Exhibit

627A Exhibit a minimum of 30 different leaves (including ten new specimens) from native Kansas trees. Exhibit can include non-native leaves in addition to the required number of leaf specimens collected from native Kansas trees.

627B Exhibit a minimum of 15 native Kansas trees showing leaf, twig, and fruit from each species collected. This exhibit must include 5 new leaf, twig and fruit specimens.

Phase IV Advanced Forester Exhibit

628A Exhibit a minimum of 40 different leaves (including 20 new specimens) from native Kansas trees. Exhibit can include non-native leaves in addition to the required number of leaf specimens collected from native Kansas trees.

628B Exhibit a minimum of 20 native Kansas trees showing leaf, twig, and fruit from each species collected. This exhibit must include 10 new leaf, twig and fruit specimens.

Phase V - How a Tree Grows (all ages)

629 **How a tree grows display:** Entry may include a project notebook with 10 or more seeds collected with pictures showing a germination study or a mounting of a thin section of wood cut from the end of a log or top of stump labeled with information such as kind of wood and age of tree when cut or exhibits an illustration of how a tree grows.

Tree Appreciation (all ages)

630 **Tree Appreciation Display:** Entry may include a research or reporting project notebook with no more than 10 pages based on the exhibitor's selected tree. This notebook may include sketches, drawings, pictures, a story, or any other things which will help tell about the tree you have selected.

Senior Forester

631 **Growing and protecting trees display:** Display: Entry requires project notebook telling about project and pictures before, during, & after planting seedlings. Maximum tri-fold size is 3' x 4'.

632 **Tree Culture Display:** Display: Entry requires project notebook showing your project work and includes pictures of before, during and after wood lot improvement. Maximum tri-fold size is 3' x 4'.

633 **How Forests Serve Us Display:** Entry may include collected wood samples (all or partial) and 500-word essay. Wood sample display to be mounted on poster board or any stiff material no larger than a 3' x 4' tri-fold. Essay should be displayed in a covered binder.

634 **Educational/Creative Exhibit Display:** Entry must be directly related to tree identification or Forestry. Type of exhibit is open (notebook, poster, collection box, etc.) given a maximum tri-fold size of 3' x 4'. Care should be taken to use durable materials that will withstand State Fair conditions. This is a good class to exhibit an unusual collection.

Division F24 – Geology & Lapidary

- 1 The standard size entry box should be 18” x 24” x 3 ½”. Plexiglas covers are required. Boxes with glass covers WILL NOT be accepted. All specimens are to be arranged across the narrow (18”) dimension of the exhibit box, making the exhibit 18” across the top and 24” deep. If a box has a sliding Plexiglas cover, it must be removable from the top. Screws, locks, or other devices that would prevent judges from removing Plexiglas cover should not be used.
- 2 Collection exhibits in this division, may be cumulative. Last year’s collection may be used as part of this year’s exhibit.
- 3 Each display box is to be identified by placing a label bearing name, county or district and number of specimens in the upper left-hand corner of the Plexiglas cover (inside, use clear double-sided tape to adhere gummed labels), and by attaching a label with the same information on the lower right corner of the box (outside).
- 4 Geology specimens should be labeled with the number of specimens, date collected, specimen name or description, and locality (county only) where collected.
- 5 For the geology specimens should be mounted in the box by proper groups: rocks, minerals, fossils. Fossils must be identified to the Phylum, Class and Genus level. Genus name is to begin with a capital letter. Species name is all lower case. Genus and species names must either be italicized or underlined, not both. The words “phylum, class, genus” on labels are to be spelled out, not abbreviated. More than one specimen of the same kind of rock or mineral or species of a fossil may be exhibited if this duplication represents different geological formations. Specimen label must show this distinction (Fort Hays limestone, not just limestone; calcite from the Greenhorn Formation, not just calcite; Phylum: Brachiopoda Class: Articulata Genus: Composita from the Morrill Limestone Member, not just Phylum: Brachiopoda Class: Articulata Genus: Composita).
- 6 For geology classes 5200, 5201, 5202 and 5203, and 5205 all specimens must be collected (not purchased) from locations in Kansas, with the exception of Tri-State Mining Area specimens collected from these three adjacent counties: Ottawa County, OK; Newton and Jasper Counties, MO. Other out of state specimens will not count in the minimum number for the class, nor will they be considered in the judging.
- 7 Out of state specimens can be used in educational or science exhibits.
- 9 More than one specimen of the same kind of rock or mineral or species of a fossil may be exhibited if this duplication represents different geological formations. Specimen label must show this distinction. (Fort Hays Limestone, not just limestone; exact species must have different formation names listed on the I.D. card; Composite Brachiopod from Morrill Limestone not just Brachiopod or Composite Brachiopod)
- 10 Exhibitors are limited to 3 boxes per class entry in all collection classes.
- 11 The lapidary classes will be judged on the following criteria:
 - Workmanship and Content - 60 points.
 - Presentation and Showmanship - 30 points
 - Accuracy of Information - 10 points
- 12 An exhibit box with Plexiglas cover smaller than the standard size may be used for the lapidary exhibits if appropriate (18” x 12” x 3 ½”). Specimens should be arranged across the 18” dimension of the exhibit box, making the exhibit 18” across the top and 12” deep.

Educational Geology & Lapidary Exhibit Phase I

Special exhibit relating to everyday living; or to a mineral test, a rock formation, geological history, species of a fossil, forms of one mineral, a variation of one kind of rock, archaeological artifacts, or Indian artifacts, etc. Exhibit limited to 4 feet of table space.

644 Jr. 7 - 9

645 Int. 10 - 13

646 Sr. 14 & up

Phase II Jr. 7 - 9

- 648 Display at least 15 rocks, minerals, and fossils collected during the current 4-H year.
- 649 Display at least 30 different rocks, minerals and fossils with at least five of each. Fifteen must be collected during the current 4-H year.

Phase III Int. 10 – 13

- 650 Display at least 15 rocks, minerals, and fossils collected during the current 4-H year.
- 651 Display at least 30 different rocks, minerals, and fossils with at least five of each. Fifteen must be collected during the current 4-H year.
- 652 Display at least 45 rocks minerals or fossils at least 5 of each. Fifteen must be collected during the current 4-H year. Exhibit limited to two boxes. List as igneous, metamorphic or sedimentary. List as igneous, metamorphic, or sedimentary.
- 653 Display at least 60 rocks, minerals or fossils at least five of each. Fifteen must be collected during the current 4-H year. Exhibit limited to two boxes. List as igneous, metamorphic or sedimentary.

Phase IV Sr. 14 & up

- 654 Display at least 15 rocks, minerals, and fossils collected during the current 4-H year.
- 655 Display at least 30 different rocks, minerals, and fossils with at least five of each. Fifteen must be collected during the current 4-H year.
- 656 Display at least 45 rocks minerals or fossils at least 5 of each. Fifteen must be collected during the current 4-H year. Exhibit limited to two boxes. List as igneous, metamorphic or sedimentary.
- 657 Display at least 60 rocks, minerals or fossils at least five of each. Fifteen must be collected during the current 4-H year. Exhibit limited to two boxes. List as igneous, metamorphic, or sedimentary.
- 658 Geology Educational Exhibit: Exhibit relating to everyday living; or to a mineral test, a rock formation, geological history, species of a fossil, forms of one mineral, a variation of one kind of rock, archaeological artifacts, or Indian artifacts. Digital formats are accepted. Please make arrangements for the judge to view your exhibit and have a hard copy for display. Exhibit limited to 4

feet of table space. **Care should be taken to use durable materials that will withstand State Fair conditions.** Exhibitor may show in the class regardless of number of times he or she has exhibited at State Fair or whether exhibitor has entries in classes 5200, 5201, 5202 or 5203. Exhibitor may also exhibit in lapidary class.

- 659 Mineralogy. Display a minimum of 15 mineral specimens collected in Kansas, at least 5 of which have been collected during the current 4- H year. The minerals are to be grouped by mineral class (i.e.: Carbonates, Oxides, Silicates) and at least 3 classes must be represented. The member must use one standard display box (see #1). The specimens must be labeled with the number of the specimen, date collected, name of specimen, county where collected and chemical composition (i.e.: CaCO₃ for calcite) if known.

Phase V Lapidary Classes

All lapidary specimens should be labeled with the following information:

- Specimen name
 - Place of origin (country, state, or county; county required for Kansas specimens)
 - Purchased or self-collected
 - Date lapidary treatment began
 - Date lapidary treatment completed (Treatment completed after the State Fair is considered a new year specimen).
- 660 Lapidary. Display at least 5 varieties of polished (tumbled) specimens and 5 varieties of unpolished specimens that have not yet received lapidary treatment. These do not have to be an example of “before and after”, nor do they have to be self-collected. Locales must be identified. Only those exhibiting lapidary at the State Fair for the first time may exhibit in this class.
- 661 Lapidary. Display before-and-after examples of at least 3 varieties of specimens, at least 2 tumble-polished and 2 unpolished of each. There is no requirement that the 4-H'er collect any of these. Locales must be identified. Lapidary work should be done during the current 4-H year.

662 Lapidary. Display before-and-after examples of at least 6 varieties of specimens, at least 2 tumble-polished and 2 unpolished of each. At least two varieties should be collected from the native site by the 4-H'er, at least one of which comes from Kansas. Locales must be identified. Lapidary work on at least three varieties should be done during the current 4-H year.

663 Lapidary. Display before-and-after examples of at least 9 varieties of specimens, at least 2 tumble-polished and 2 unpolished of each. At least three varieties should be collected from the native site by the 4-H'er, at least two of which comes from Kansas. Locales must be identified. Lapidary work on at least three varieties should be done during the current 4-H year.

664 Lapidary. Exhibit at least 6 specimens that have not previously been exhibited, which have received lapidary treatment. Lapidary treatment may consist of polishing, and end, face, or flat lapping. Specimens must represent at least 3 different varieties and include at least three cabochons of any size or shape, only one of which may be free-formed. A cabochon is a style of cutting in which the top of the stone forms a domed or curved convex surface. Three of the specimens must be mounted into jewelry findings.

Division F25 - Home Environment

Phase I Jr. 7 - 9

703 Single Exhibit. An article made or refinished by the 4 H member for the home. Attach a 3" x 5" index card explaining how the item was made or refinished, costs involved and how it fits into the color and design of the room.

704 Poster or Display (may include swatches, colors, stories, photographs, and project records which detail what was accomplished this year with a given indication of long-term plans.)

Phase II Int. 10 - 13

705 Single Exhibit. An article made or refinished by the 4 H member for the home. Attach a 3" x 5" index card explaining how the item was made or refinished, costs involved and how it fits into the color and design of the room.

706 Poster or Display (may include swatches, colors, stories, photographs, and project records which detail what was accomplished this year with a given indication of long-term plans.)

Phase II Sr. 14 & up

708 Single Exhibit. An article made or refinished by the 4 H member for the home. Attach a 3" x 5" index card explaining how the item was made or refinished, costs involved and how it fits into the color and design of the room.

709 Poster or Display (may include swatches, colors, stories, photographs, and project records which detail what was accomplished this year with a given indication of long-term plans.)

Division F26 - Horticulture

- 1 All horticultural exhibits must be grown by the exhibitor.
- 2 Information about exhibiting produce is available online in the publication "[Exhibiting Fruits and Vegetables](#)"
- 3 Secure entry form to plate or container with string or tape. Use a sturdy plate, bowl or container that will support the weight of the produce.

Phase I

661 Garden Display

Each exhibitor in this class will be limited to four square feet of space. The Garden Display must be exhibited in a tray, basket or container that can be easily moved by the fair staff. Exhibit consists of five different types of fresh vegetables or fruits. Canned products and shelled vegetables are not acceptable. Only one variety of each type of vegetable or fruit may be exhibited. The numbers of the five types of vegetables or fruits to be exhibited are listed as follows:

Large Vegetables (One Each): Cabbage, Cantaloupe, Eggplant, Large Pumpkin, Squash, Watermelon

Medium Vegetables (Five Each): Beets, Carrots, Cucumbers, Decorative Gourds, Potatoes, Miniature Pumpkins, Okra, Onions, Peppers, Radishes, Sweet Potatoes, Tomatoes, or other similar sized vegetable

Small Vegetables (Twelve Each): Green snap beans, wax beans, English peas or other similar sized vegetables

Small fruits (One half pint box): Strawberries, blackberries, raspberries, or other similar sized fruits.

Tree fruits (5 each): Apples, pears, peaches, or similar sized fruits. Grapes (2 bunches)

Phase II -

Large, Medium, Small Vegetables

- 662 Small vegetable specimen plate (12) Ex: green snap beans, yellow wax beans, other small vegetables
- 663 Medium vegetable specimen plate (5) Ex: cucumbers, cherry tomatoes, tomatoes, beets, white onions, yellow onions, red onions, bell peppers, other peppers, okra, parsnips, radishes, turnips, sweet potatoes, red potatoes, white or Russet potatoes, carrots, miniature pumpkin, decorative gourds, or other medium vegetables
- 664 Large vegetable specimen plate (1) Ex: watermelon, summer squash, winter squash, large type pumpkin, eggplant, cabbage, cantaloupe, other large vegetable
- 665 Fresh Culinary herbs (6) ex: parsley, basil, dill, etc. Six stems (or a comparable quantity) of one variety of fresh herbs must be exhibited in a disposable container of water. Dried herbs are not accepted

Phase III - Fruits

- 666 Small fruits (one half pint box) Ex. Strawberries, blackberries, raspberries, or other similar sized fruits. (if other, please include name of fruit on entry)
- 667 Tree fruits (plate of 5) Ex. apples, pears, peaches, or similar sized fruits
- 668 Grapes (plate of 2 bunches)

Phase IV

- 669 Horticulture Notebook
- Entry shall consist of a notebook or three ring binder of written narrative describing a horticulture project such as a landscape design, landscape installation, lawn renovation, water garden, flower garden, vegetable garden, lawn mowing service,

landscape maintenance business, farmer's market business, or other horticultural project. 4-Hers are encouraged to include photographs, illustrations and/or landscape drawings that help explain work done by the member. Photos taken from the same location before, during and after the completion of the project are particularly helpful. Exhibitor may enter one horticulture notebook. Horticulture notebook scoring is based on the following criteria: Organization and General Appearance (neat, includes title page and table of contents, original, creative, etc.) 20%, Narrative (including goals, successes, failures, etc.) 40%, General Content (subject matter, photos, maps, knowledge gained, etc.) 40%.

- 670 Educational Display

Division F27 – Miscellaneous

This division is open to youth enrolled in projects with no division in this department. Including: Family Studies, Citizenship, Leadership, and Public Speaking. Notebooks are to be exhibited in either division F28 or F29.

Division F31 - Photography

- 1 Write on the back of the mount, exhibitor's name, address, photo class, Extension Unit (county/district).
 - 2 No lettering is permitted on the front of the mount or on the photo. Only the Kansas State Fair 4-H Photography ID Form is to have lettering on it. No underlay or borders are to be used.
 - 3 Entries must be the result of the current year's project work. Each 4-H member may enter 2 photos per class with a total of 6 photos. (ex: 2 color, 2 black and white, and 2 computer manipulated)
 - 4 Photos are to be mounted across the narrow (11") dimension of an 11" x 12.5" sheet of white or cream studio matte board. Photos mounted on foam core or poster board will not be displayed.
 - 5 Remove white border from the photo print prior to mounting. All single photos must be between 7" x 9" and 8" x 10" after trimming.
 - 6 Photos must be mounted with the top edge of the print 1" below the top of the mount. The sides of the print must be equal distance from the two sides of the mount.
- 7 A full coverage permanent mount (spray adhesive recommended or heat mount) must be made. Each photo is handled numerous times (up to 25) throughout the judging, sorting, and display process.
 - 8 To protect exhibits from dust and moisture, place mounted photo in protective plastic bag. Available at the Ext Office.
Do not seal until after judging.
 - 9 Improperly mounted photos, oversize or undersize photos or photos with the white borders not removed or lettering on the photo, will be awarded a ribbon one placing lower than the placing determined by the official judges.
 - 10 Photographs taken with a digital camera and having no more adjustments than Photos will be judged on photographic merit as well as manipulation technique and process. Photo must be created from originals taken by the exhibitor. Exhibitor must include a second 11 x 12-1/2 matte board (Explanation Board) mounted with standard size prints of the original photos, 3 x 5 card(s) explaining what manipulation was done and a standard size print of the final photo.
Optional, may include prints of editing steps. Photos showing editing steps may be layered. Please put name and Extension Unit on the front of the second board. Explanation Boards will be displayed as a group to explain and promote the class. Place both matte boards in the same protective plastic bag.
 - 11 exposure, color intensity or correction, one click filter effects, red eye removal, cropping, dodging and burning should be entered in the standard color or black and white classes.
 - 12 Digital Composite Image: Finished photo must be created from two or more original sources created by the exhibitor.
 - 13 The black and white class is for black and white prints only. Monochromatic prints, including sepia prints are considered color photos and must be entered in the appropriate color photo class. Photos with special effects Special effects are done using in-camera and/or printing techniques. The original photo is mounted on one board, there may not be any additional photos. Examples include: zooming the lens during exposure, illusions, kaleidoscope, double exposure, etc.

In addition, neon and solarization are considered special effects.

- 14 Photos telling a story may use 2 boards.

Division F35 STEM – Astronomy

- 1 Each exhibitor may enter one exhibit per class. Exhibit must have been completed during the current 4-H year.
- 2 Telescopes entered in this division may be built from a kit or by original design. Pre-finished telescopes which require no construction or painting are not allowed.

- 3 Telescopes are limited to no more than six feet in length. They must be placed on a stationary stand that does not allow the telescope to roll and/or fall over. The stand cannot extend past two feet in length or width.
- 4 Each telescope exhibit must include a “4-H Astronomy Exhibit Information Form,” which should be attached to the outside of a 10” x 13” manila envelope. You must also include construction plans (or a photocopy) of the telescope and place it inside the manila envelope.
- 5 Two photographs showing telescope construction and operation are required. Photographs should be mounted on one side of an 8 ½” x 11” page. A brief caption should accompany each photograph. Place photos in the 10” x 13” manila envelope.
- 6 The telescope must be properly assembled and painted with a smooth and uniform finish. Decals, if used, should be attached smooth and tight.
- 7 Telescopes designed by the exhibitor must be original, not a modification of an existing kit.
- 8 Educational displays should be creative and showcase something specific you have learned in the Astronomy project during the current 4-H year. Follow copyright laws, as explained in the General Rules as you are preparing your exhibit.
- 9 Educational displays are limited to a 2’ x 3’ tri-fold display board.
- 10 Exhibitor’s name, county or district, age, and year(s) in project must be tagged or labeled in a prominent location on the telescope stand, educational display, notebook, and/or poster.

Phase I Telescopes

- 603 Telescope from kit
- 604 Original design

Division F36 STEM – Computers

See Kansas State Fair Book for complete rules.

- 605 Computer program, application, app, script, or coded system that is new and unique (not merely a file run in a program, such as a ‘word document’ or a picture drawn in ‘Microsoft Paint.’)
- 606 Computer presentation (power point, web page/site, animated graphics, etc.)

- 607 Single computer system (web server, database server, etc.)
- 608 Networked system consisting of two or more computers. Chip system- a small (4"X4"X4") programmed physical device that accomplishes a specific task.

Division F37 STEM - Robotics

See Kansas State Fair Book for complete rules. Champion and Reserve Champion will be awarded by age.

Phase I Novice 1 or 2 Years in Robotics

- 551 Robot made from a purchased kit.
- 552 Robot designed and constructed by exhibitor. The robot must not be a mere modification of an existing robot kit or plan.
- 553 Programmable robot made from a purchased kit.

Phase II Int. 3 to 4 Years in Robotics

- 561 Robot made from a purchased kit.
- 562 Robot designed and constructed by exhibitor. The robot must not be a mere modification of an existing robot kit or plan.
- 563 Programmable robot made from a commercial (purchased) kit.

Phase III Prof 4 or More Years in Robotics

- 571 Robot made from a commercial (purchased) kit.
- 572 Robot designed and constructed by exhibitor. The robot must not be a mere modification of an existing robot kit or plan.
- 573 Programmable robot made from a commercial (purchased) kit.

Division - F38 STEM - Rocketry

See Kansas State Fair Book for complete rules.

Phase I Jr. 7 - 9

- 794 Rocket made from kit - include plan
- 795 Rocket designed by exhibitor, not merely a modification of an existing rocket kit, include an original plan
- 796 Flown Rocket with notebook

Phase II Int. 10 - 13

- 798 Rocket made from kit - include plan
- 799 Rocket designed by exhibitor, not merely a modification of an existing rocket kit, include original plan
- 801 Flown Rocket with notebook

Phase III Sr. 14 & up

- 803 Rocket designed by exhibitor, not merely a modification of an existing rocket kit, include original plan
- 804 Flown Rocket with notebook
- 805 Mid Power Rocketry
- 806 High power rocket made from kit or original

Division F39

STEM Unmanned Aerial Systems

See Kansas State Fair Book for complete rules.

Phase I - Junior 9-13

- 810 Unmanned Aerial System designed and constructed by exhibitor that is operated by a remote controlled device. The UAS must not be a mere modification of an existing kit or plan. You may not exhibit a UAS that is purchased off the shelf in this class.
- 811 Practical application of an Unmanned Aerial System constructed from a commercial (purchased) kit. This includes the UAS, plus one or more of the following: video, notebook, poster, display board, etc. This class is separate from educational exhibits. A tangible use would be mapping Russian olive trees, eroded soils, and bindweed in fields, etc. There are also many other non-agricultural UAS uses that would be appropriate for this class.

Phase II - Senior 14 & up

- 812 Unmanned Aerial Systems designed and constructed by exhibitor that is operated by a remote controlled device. The UAS must not be a mere modification of an existing kit or plan. You may not exhibit a UAS that is purchased off the shelf in this class.
- 813 Practical application of an Unmanned Aerial System constructed from a commercial (purchased) kit. This includes the UAS, plus one or more of the following: video, notebook, poster, display board, etc. This class is separate from educational exhibits. A tangible use would be mapping Russian olive trees, eroded soils, and bindweed in fields, etc. There are also many other non-agricultural UAS uses that would be appropriate for this class.
